

BE BRIGHT BE SEEN DAY

By **MILENA**, **Oliver**, **Drishya** and **Bill**

Why do we do be bright be seen day?

- We do it to raise awareness of road safety.
- It is getting dark earlier and if you are wearing dark clothing it could mean that it is more likely that a car won't be able to see you.
- But if you wear bright neon clothes you will be more likely to be seen.

Examples of bright clothing

- ✓ In the dark, people might not see you well if you are wearing dark colours like black. But if you wear a high vis jacket, people will clearly see you and you wouldn't be in danger.
- ✓ You could also wear bright clothing and reflective equipment so that drivers can clearly see you.
