

May 4th 2020

Hello!

The sunny weather is back with us.

I hope you have been able to play in your gardens or go for a lovely walk.

You have been having lots of fun keeping

your parents busy. I have heard about some of the things you have been doing and they are very imaginative!

Suggested activities for this week:

- Listen to the sounds around you – what can you hear?
- Instead of your parents telling you a story, you tell them.
- Find simple rhyming words eg – cat, mat, bat, hat,
- How long can you balance on one leg? Have a competition with somebody at home.
- How many cylinders can you find around your house?
- Make a collage of your name
- Play hopscotch
- Use a squeezezy bottle with water to “draw” pictures

Some of the children in Nursery have had their birthdays and we have not been able to sing Happy Birthday to them.

So, a big Happy 4th Birthday to:

Fraser, Grace and Catalina

Have a great week!

Mrs Wheeler and Mrs Brooks
